

REAL SNOW.

Just the Bear Facts About Big Bear Mountain Resort

REAL CLOSE.

Where else in the middle of winter can you relax on a sunny beach and then decide to jump in your car and go skiing just two hours away? Only in Southern California, of course! Awaiting you in the local mountains is So Cal's largest and closest winter destination resort, Big Bear Mountain Resort (BBMR). Skiers and snowboarders can choose to spend their time at one or both of BBMR's ski areas, Snow Summit Resort or Bear Mountain Resort.

Snow Summit provides a traditional alpine atmosphere with intermediate and mainstream cruising runs for skiers and snowboarders. Bear Mountain offers a youth focused environment that attracts skiers and snowboarders from around the world. Both resorts offer diverse terrain, providing skiers and snowboarders a com-

bined 438 developed acres, 26 lifts (including 4 high-speed detachable quads) and more than 55 runs. Lift tickets are good at both resorts, which are located just two miles apart and conveniently connected by a free Inter-Resort Express Shuttle Service.

BBMR's dedication to outstanding guest service, including selling a limited amount of lift tickets daily to avoid overcrowding, and a consistent quality snow surface, provide the perfect atmosphere for memorable skiing and snowboarding. BBMR is also committed to ensure guests have the most up-to-date weather, road and snow conditions. Check out live cams as you watch all the action right on your computer. Powder alert text reports are available; just text SNOW to 52406. Your birthday is special, right? Ski or ride free at BBMR on your day! Just present a valid photo I.D. on your actual birthday to the Guest Services Office.

How do you choose which resort will be the best place for your family to spend its day? Let us help you decide, because each has its own distinctive features. Snow Summit features skiing and family activity, as well as night skiing, and Bear Mountain Resort shines as the pre-eminent snowboarding destination. The two are located so close together that your older kids can head over to Bear Mountain for more advanced snowboarding while the rest of you stay at Snow Summit. Lunch on the deck at Summit Haus Restaurant is the perfect spot to rejoin and hear one another's downhill stories.

Snow Summit Mountain Resort

Snow Summit provides the premier mountain resort experience for everyday skiers and riders looking for wide-open groomed runs and picturesque alpine views. Ego Trip Park offers terrain park features for all abilities. The Wall, Dicky's and Olympic runs serve up challenging terrain for advanced skiers and riders, while Miracle Mile and Log Chute are ideal intermediate cruisers.

Snow Summit is also home to the Family Park, the resort's slow skiing and riding zone with low-intermediate terrain, designed especially for kids, parents, grandparents, and mini-shreds. The Family Park expands across five trails for skiers and snowboarders who want to challenge their freestyle skills.

Night Skiing is Magical!

Night skiing and riding at Snow Summit has been a popular attraction for many years. Following day skiing on most Fridays, Saturdays and holiday periods and beginning at 3 p.m., BBMR usually keeps open three top-to-bottom runs, including Ego Trip Park and a large, lift-served beginner area. Take advantage of a less expensive ticket, virtually non-existent lift lines and more room on the runs. Skiers and riders can also turn their night ride into a jib jam with freestyle features for young riders who make it their evening scene. Terrain features on this run are refreshed and groomed after every day session for premium night riding. Additionally, Summit Inn and Bullwheel Bar are open for both food and beverages while the lifts are running.

Bear Mountain Resort

Whether you're just learning to ski or ride, moving up to intermediate shred status or bringing your professional style to the slopes, Bear Mountain has something for you. This nearly 200 acre winter playground offers upwards of 130 beginner to advanced jibs, including a huge variety of rails, boxes and walls, 150 snow features of all shapes and sizes, and So Cal's only Superpipe. Bear Mountain's park development team is committed to the design, construction and constant maintenance of a creative park system with endless options.

The vibe at Bear Mountain is contagious. Head up the hike-able base area park known as "The Scene," have a cold beer or a warm drink at the Beach Bar, and shop for the latest gear in the Ice Box. Still want more? Jump on the Inter-Resort Express Shuttle and head next door to check out Westridge at Snow Summit where you can ski or snowboard into the night under the lights.

Big Bear Mountain Resort awaits! Start planning your family's visit today. For additional information about BBMR, visit bigbearmountainresorts.com.
